

CATHOLIC INFORMATION SERVICE

Are you interested in sharing your Catholic faith with those around you? Do you have questions about the New Evangelization? Do you desire to learn more about the vast spiritual riches found in the teachings of the Catholic Church?

If you answered “Yes” to any of these questions, the Knights of Fr. Maurice du Castillon Council 14755, along with the Parish Pastoral Council, invite you to join us in unlocking these treasures of the Church as presented by the Catholic Information Service (CIS)

In 1948, the Knights of Columbus started the CIS in response to blatant anti-Catholic bias in other religious media in order to educate non-Catholics about the beliefs and practices of the Catholic Church. Over time, this outreach has expanded to include publications for parishes, schools, military installations, correctional facilities, legislatures, the medical community and any individual who requests them.¹

You may have seen CIS pamphlets distributed in other parishes. In the near future, you will see some of these here at St. Peter’s. But the good news is, you don’t have to wait! Take this flyer home today and go to <http://www.kofc.org/en/cis/>. Within minutes, you can explore this wealth of reliable Catholic information online. The best part is almost all CIS information is free for viewing, pdf download, and, in many cases, audio/podcast. Here are some examples of what is offered:
