NOVEMBER CEMETERY VISITATION

November is traditionally the month of praying for the souls in Purgatory, especially our deceased family and friends and those who have no one to pray for them.

Due to the ongoing pandemic, this year the Vatican has extended a decree for the possibility of obtaining plenary indulgences for the faithful departed throughout the entire month of November. Normally it is only for the first 8 days. This is obtained by visiting a cemetery on any day in November and praying for those who have died. A second plenary indulgence is normally established for All Soul's Day, November 2, for those who piously visit a church or oratory and recite the 'Our Father' and the 'Creed' there. However, the current decree allows the faithful to obtain that indulgence for the benefit of the deceased on any day of November, at their choice. For obtaining an indulgence, the individual must also have "the intention of complying as soon as possible," to the three conditions (sacramental confession, holy communion, and praying for the Holy Father).

If you are interested in visiting Rappahannock cemeteries this month to say a rosary for the deceased, Contact Marie Riedel for more information, mkratililwash@yahoo.com, or visit one near where you live. Note: St. Peter's cemetery is 1 of only 10 Catholic cemeteries in all of the Arlington Diocese.

Going Green: The Physical, Mental, and Emotional Problems Associated with Marijuana

By Ben Johnson, DailyWire.com

Part 1 of 11

Although scientific studies indicate that marijuana is associated with profound mental illnesses, emotional problems, and physical diseases, a shocking number of Americans believe that weed is harmless or helpful — possibly even a natural cure for cancer.

...That should be concerning for a panoply of reasons, since numerous studies show that marijuana use can harm people in (at least) the following ways:

1: *Psychosis and Schizophrenia*: Several studies have found that smoking marijuana may trigger mental illnesses, including psychoses like schizophrenia, especially in people already predisposed to develop them. ... "Ten studies [have] found a significant risk of young cannabis users developing psychosis," reported the Scientific American in 2017. ... There is a "strong association of cannabis use with the onset of psychiatric disorders," the American Psychiatric Association summarized in 2019.

Pastor's Piece

Dear Folks,

The prophet Daniel speaks of the arch angel Michael coming forward at a given moment in history. The Saint Michael prayer that we say at the end of Mass was composed by Pope Leo XIII after he had a vision of Satan being loosed upon the Church. While the devil is powerful and not to be toyed with we can be consoled knowing we have powerful, spiritual allies on our side.

**May God bless you all!!
