### Going Green: The Physical, Mental, and Emotional Problems Associated with Marijuana

*By Ben Johnson, DailyWire.com -- Part 10 of 11*

Although scientific studies indicate that marijuana is associated with profound mental illnesses, emotional problems, and physical diseases, a shocking number of Americans believe that weed is harmless or helpful — possibly even a natural cure for cancer.

...That should be concerning for a panoply of reasons, since numerous studies show that marijuana use can harm people in (at least) the following ways:

**10: Creating false memories:** Any media interested in combating misinformation would condemn the rising rate of marijuana use, since “[c]annabis seems to increase false-memory proneness,” according to a March 2020 study from The Netherlands.

## Pastor's Piece

Dear Folks,

At the time of our Lord's visible life, it was the duty of the groom to provide for the wedding feast. We can see this in the small detail that the head waiter goes to the actual groom of the wedding that our Lord is attending. Since we see that it is our Lord Jesus that actually provided the wine for the wedding we must recognize that He is the true groom. He has come to make a marriage between Himself and mankind. How blessed are we that our God wishes to be closer to us than husband and wife!

God Bless You,

-Fr. Beres
